Image Contrast Ratio - 450:1
Image Max H-View Angle - 140
Image Max V-View Angle - 130
Analog Video Signal - RGB
Interfaces - 1 x VGA - 15 pin HD D-Sub (HD-15)

Scanners / **fi-5750C**

Dependable performance that adapts to almost any situation.

Unique, 200-page automatic document feeder (ADF) swivels to accommodate different users and installations
Scans up to 57 ppm/114 ipm in color and monochrome at 300 dpi
Ultrasonic Double Feed Detection Dual UltraSCSI and USB 2.0
interfaces integrate easily into most environments Enhance productivity

with Fujitsu service and support

Software:

Kofax' VirtualReScan is an award winning, patented technology that automatically insures the best possible quality for scanned document images. As quickly as pages pass through the scanner, VRS performs a multi-point inspection of each document. VRS instantly checks and adjusts for alignment (skew), brightness, contrast, and image clarity. Any inconsistencies are immediately corrected by VRS so that only the straightest, most readable images are moved into your application.

About I TLNOW

ITLNOW has been providing business system solutions to many companies in many industries such as accounting, banking, government, legal and healthcare. Our time tested approach focuses on solving business problems FIRST. Today, we provide a full spectrum of document information technologies - capture solutions from form design to document storage and retrieval. In addition, we offer "off-the-shelf" modules for the accounts payable, healthcare, transportation, accounts receivable markets....and more.
