

## For Immediate Delivery

# A complete DMS (Document Management System)

Where can you purchase a complete paper filing system for under \$1,500? The answer a complete personal electronic DMS (document management system) for under \$1500.00 dollars!

### Tool Requirements:

Fujitsu Personal Scanner using Capio 1.5. The fi-5110c (captures) scans at a fast, 30 ipm (duplex) scanning in monochrome and color.

The user indexes to Kofax which in turn releases to Documentum AX/WX making it available to everyone on an intranet or internet.

### System Requirements:

Any TWAIN or ISIS compliant scanner and Internet Explorer, Netscape and/or FireFox 5.0 or higher.

### Budget Requirements:

Fujitsu Scanner fi-5110C:	\$900.00
Kofax Capio:	\$350.00
Kofax Ascent Capture (5K):	\$995.00
Documentum AX/WX:	\$2650.00 (per con-current)

Note: Services not included.

### Scanners / **fi-5110C**

Keep in mind ANY twain compliant scanner (like the fi-5510c) and Kofax Capio is a complete Personal DMS.

Integrating Kofax Ascent Capture and Documentum AX/WX automates indexing and making it available to everyone on an intranet or internet.

### About ITLNOW

ITLNOW has been providing business system solutions to many companies in many industries such as accounting, banking, educational, government, legal and healthcare.

Our time tested approach focuses on solving business problems FIRST. Today, we provide a full spectrum of document information technologies - capture solutions from form design to document storage and retrieval. In addition, we offer "off-the-shelf" modules for the accounts payable, healthcare, transportation, accounts receivable markets....and more.
